

# ADAMS PLACE

*The Health Center • Assisted Living • Residential Living*

## Considering an elective surgery?

**BOOK YOUR PRIORITY RESERVATION** and know you will be in the best hands at **ADAMSPLACE** in getting you back on track.

**MS. JANE MANLEY** is a lifelong resident of Murfreesboro and is retired from SunTrust Bank. She worked her way up to branch manager after wearing many hats and seeing the bank change names multiple times. She was widowed three-years ago and has a son, a stepson and stepdaughter. She has five granddaughters that she loves dearly.

Jane was preparing for a planned knee surgery due to an injury she received while playing softball when she was about 40. In order to continue her active lifestyle that she enjoys, her orthopedic surgeon, Dr. Barrett, decided it was time to have a knee replacement. As part of her preparation, she came to look at AdamsPlace for her rehab.

Jane is so glad her doctor suggested using the priority reservation at AdamsPlace so that she had the peace of mind knowing that she was able to reserve a room in advance. She explains, the team at AdamsPlace has really cared about her recovery and they feel like one big family. Jane has truly enjoyed the friendly culture at AdamsPlace along with their southern hospitality.

Jane set a goal to be in rehab one week and with the help of her physical therapist, Ashleigh Orellana, she will accomplish that goal and go home in exactly 7 days. She is thankful for the life she has been able to live, her family and the people that truly care for her and that includes the team at AdamsPlace. Jane plans to return to her active lifestyle playing golf, bowling and yard work.
